Chancellor Howard Gundy of the Alabama Junior College system has sure got the power brokers in Montgomery upset.

LONNIE BELLE HARBUCK EXER PEARL FUDGE We were hearing reports of folks other than Gundy making all real decisions for his office because he was out of favor with someone or other when - WHAM - Gundy resigns! That caused such an uproar from those who know Gundy's abilities that all the power brokers started back-peddling and trying to get the man to change his decision. He still hasn't given a yes or no - but is definitely in the driver's seat today . . . that is if he doesn't drive too fast.

The annual Chamber of Commerce Industrial Appreciation Day is set for Saturday, May 14, and promises to be bigger than before. We will watch with interest as this special day grows, due to our respect for the industries of this area. We don't intend to get out there and run all over Coffee County with the runners - nor fish in the Pea River bass tournament, but will be around offering our encouragement and eating catfish Saturday evening. Y'all come!

We don't like to get those little brown envelopes from IRS even when, as recently, they tell of our overpaying \$1500 on a withholding tax. We don't have enough money to overpay anything, and it usually means a problem for us. In times past we have gotten refund checks, cashed them and later had to pay it back with interest and maybe a penalty! Last week, however, before getting the refund check we got another of those brown envelopes explaining that the matter had been straightened out and we "didn't owe them any additional money." Of course it was a form letter and meant we wouldn't get a \$1500 refund; but we were pleased because it saved our blood pressure from shooting up when we had to repay the money with interest AFTER we had used it to pay someone else.

For the first time in the Coffee County School System a Coffee County School Band went to State Band Competition. The Z.C. Band recently attended the competition held at Troy The band competed in two category's-prepared music and sight reading. The band received a II (Excellent) rating from each judge.

The band attended District Contest last month and received I's on their prepared music which made them eligible to compete in State Contest.

Since this was the first time for the band to compete at

STUDENTS GO TO MONTGOMERY Terri Carter and Beverly Ellison

Some of Zion Chapel's students took a trip to Montgomery to join in some of the festivities in the recent George Lindsey Celebrity weekend. Students who went were in Mrs. Gale Jackson's class. They were Tony Lee, Wayne Mulkey, Paul Cole, Tommy Cauley and Bobby Price. The George Lindsey weekend is an annual event with many of today's top celebrities participating in tournaments, entertainment and a number of other events with the proceeds going to benefit the Special Olympics.

MRS. McCARROLL DEMONSTRATES TO HOME EC. By: Donna Foley

Mrs. Joan McCarroll, co-owner of The Patchwork Pavillion, demonstrated huck weaving to Mrs. Elsie Hilton's 2nd and 3rd period economics classes. "Huck" or "Swedish" weaving is a simple weaving method that uses unique color designs with a variety of threads. There are six basic stitch types and techniques for

working the huck patterns.
"Huck" is an even weave fabric characterized by raised threads called "floats". The floats appear on both sides of the fabric. On the rough side, the float's single and runs perpendicular to the selvage. On the smooth side the float is double and runs parallel to the selvage.

The most commonly used thread for huck weaving is 6-strand cotton huck fabric. However some fabrics and patterns may require fewer strands. Mrs. McCarroll also demonstrated "chicken scratch Chicken scratch" is embroidered on gingham chek, but The students were given a sampler to buy and worked on the "Huck Weaving" for a project to be graded on.

CAREER DEVELOPMENT CLASSES

The ninth grade students her at Zion Chapel have been involved in a career development class. The purpose of this class was to help the students decide what career they may be In conjunction with the class the students were required to write a paper and make a visual display. The display was first presented to the seventh and eighth grades and then were judged by Dr. McPherson from Troy State University and four other teachers. In this judging the top five were chosen Chris Hodge, Jimbo Bryan, Chris Carnley, Dana Miley, and Don McWaters.

From the top five the top two displays were chosen by the county guidance counselors. Those two were made by Chris Hodge and Jimbo Bryan. These two students displays will now be judged against other county winners.

During the class the students were given a career interest test and looked at job related careers, film strips, listened to cassettes, looked at magazines and books. After doing these

WHAT IS A BUY OUT?. . . Manufacturers always have short lots, overruns, cancellations, irregulars, and closeouts. These small lots are not big enough for national chain stores, but small quantities are no problem for us. Because of our good credit and ready cash, we get calls from manufacturers all over the country and our buyers are constantly in the market looking for these buy outs. Because these buy outs can be purchased at big savings ... we can sell them to you at big discounts.

MEN'S and LADIES' ACTIVEWEAR

Three huge sportswear manufacturers have had fire or flood damage at three different warehouses. Some of their stocks were soiled in movement to protect them from damage. Most of, these items are in perfect condition. Since they were moved from the warehouse during the disaster, they cannot be sold as regular goods. There are hundreds of styles of excellent quality tops, shirts, shorts and other active wear for men and women. Most of these items are ready to wear as is. Now you can save on

Cook Chevrolet Inc.

Offers You More!

THANK YOU!

We, the management of Cook Chevrolet, would like to thank YOU, the people of Coffee County, for your continued support since our opening in 1966. We feel that your support is due largely to our excellent line of new and used cars. Because of your support, sales over the years have been outstanding. We feel the reason for this is that Cook Chevrolet offers services other dealers do not, such as:

- * Dependable, clean used cars
- * Experienced, reliable sales force
- * Guarantees backed by honesty
- * Trained service department
- * GMAC Financing
- * 12-month/12,000-mile warranty available on most late model used cars

Cook Chevrolet feels that the above services are of greater importance to the used car buyer - as well as ourselves - than gimmicks or high pressure sales

> For your automotive needs, let Cook Chevrolet be your dealer.
